

Columbia Emergency Repeater Association

NET CONTROL PROCEDURE FOR THE COASTAL EMERGENCY LINKING NET

Revised Jan 2019

This is **[Callsign]** asking all stations to please stand by for the Coastal Emergency Linking Net. **[Pause...]**

Calling the Coastal Emergency Linking Net. This is **[Callsign Phonetically]**, your net control station. My name is **[Name]** and my QTH is **[Location]**. The Coastal Emergency Linking Net meets each Wednesday night at 2100 hours local time. I am calling the net from the **[Repeater Callsign]** repeater on the Coastal Linking System. We invite all stations to participate in our net and activities.

Is there any emergency or priority traffic? If so, call **[Callsign]** now. **[Pause...]** **(Pass immediately)**

Are there any net announcements, business, or bulletins? If so, call **[Callsign]** now. **[Pause...]** **(Allow at this time)**

We will now stand by for regular check-ins. Each station please check in alphabetically according to the first letter of your call suffix, which is the first letter after the number in your callsign, followed by your name, QTH, repeater you are checking in from, and listing traffic, if any. Informals may be listed but will not take place until after the formal portion of the net is closed.

This is **[Callsign]** standing by for any mobile stations. (These may be called upon for an informal before continuing with other check-ins.)

This is **[Callsign]** standing by for stations ALPHA through ECHO, call **[Callsign]**.

Stations FOXTROT through JULIET, call **[Callsign]**.

Stations KILO through OSCAR, call **[Callsign]**.

Stations PAPA through TANGO, call **[Callsign]**.

Stations UNIFORM through ZULU, call **[Callsign]**.

This is **[Callsign]** with the Coastal Emergency Linking Net. Are there any additional check-ins, ALPHA through ZULU? If so, please call **[Callsign]**.

This is **[Callsign]** now closing the formal portion of the net and going into the informal session.

(Use the same line-up as was used during check-ins, beginning with mobile stations that have not already been called upon. You may pause approximately midway through the informals and ask for additional check-ins. Before closing the net, ask if there are any additional check-ins.)

I would like to thank everyone for their participation tonight and to extend an invitation to check-in with us each Wednesday night. The is **[Callsign]** now closing this session of the Coastal Emergency Linking Net at **[Time in Military Time]** hours and returning the frequency and repeaters to regular amateur use.

[Callsign] clear.
